Description

This 2018 Formula 270BR combines good looks with family-friendly performance and comfort. She shines with her Formula Blue and white painted hull and stainless steel hardware and accents. She has ample storage and a reversible sunpad lounge at the stern. Watersport enthusiasts will love the torque of the Duoprop outdrive and the power of the 430HP Penske-inspired Ilmor 6.2L engine package that reaches speeds over 50MPH. She boasts a water tow point on the stainless arch and a removable transom mounted tow pole in the oversized swim platform. She looks and runs like a new boat with only 138 hours. She was recently serviced at the Formula Factory. The helm has a Clarion sound system, Garmin electronics—active trim and trim tabs as well as Formula performance gauges.

There is a Head under the starboard side console and plenty of storage under the port console, seats and in the deck floor. The motorized hatch make engine checks and service simple.

The walk thru windshield allows guests to ride in comfort and style with ample space for sunbathing.

Mooring covers will keep her looking great when she is not in use.
