## 2024 Marlow

### 90' 90V - Artemis II

The 2024 Marlow 90V, Artemis II, is a sophisticated motor yacht combining elegance with performance for diverse cruising experiences. This vessel supports quick trips or leisurely island hopping, catering to various cruising preferences and styles. Key features include Zero Speed Stabilization for a smooth ride and an ergonomically designed helm for easy navigation. The layout accommodates up to 10 guests with an on-deck master suite and four additional staterooms, enhancing comfort and privacy. Owning this yacht offers a blend of luxury and functionality, making it suitable for both socializing and relaxation on the water.

 €8,923,645 Euros \$14,372,988 CAD

#### FEATURES:

- C-32b Power
- Zero Speed Stabilization
- Electrosea System
- Bluewater Clearmate/Watermaker

## Description

This 2024 90 Marlow Yacht - Artemis II, is arguably one of the best looking boats on the water, a real head turner that graces every dock with timeless elegance and a sporty pedigree. The 90V was designed for both a quick jaunt to a far off destination or a slow cruise between islands in the Bahamas. With an on deck Master and below deck master there are options for all preferences. Three additional guest staterooms, all having en-suite heads, have enough accommodations to bring the whole family. Crew accommodations in this vessels size range are second to none with a generous Queen bed Captains Quarters in the Aft pilothouse and three other bunks located below deck. No expense was spared in the outfitting of this boat in an effort to make life on the water easy for the crew and comfortable for the guests.

## Engines

---

### Engine 1

- Engine Make: Caterpillar
- Engine Model: C32B
- Serial #: HPT00137
- Engine Type: Inboard
- Power HP: 2000.00
- Power KW: 1491.40
- Fuel Type: Diesel
- Engine Hours: 415.00
- Hours Date: 11-30--0001
- Engine Location: Port

### Engine 2

- Engine Make: Caterpillar
- Engine Model: C32B
- Serial #: HPT00135
- Engine Type: Inboard
- Power HP: 2000.00
- Power KW: 1491.40
- Fuel Type: Diesel
- Engine Hours: 415.00
- Hours Date: 11-30--0001
- Engine Location: Starboard

## Full Details

---
