Description

SLOW DANCE is a one-of-a-kind one owner vessel. She was built by a knowledgeable and adventurous cruising couple who have cruised and properly cared for her since new. She is a great loop veteran with all services up to date and ready to go again.

She is powered by twin 240HP Yanmar engines and well-equipped with bow thruster, Northern Lights generator, and a robust electronics package at both helm stations (inside lower helm and flybridge helm) making her a breeze to operate.

Her accommodations have all the comforts of home to include twin bunks forward, guest head and shower forward, primary stateroom aft with double bed with ensuite head and shower, seating/dinette to starboard in the salon, galley to port, and ample storage throughout.

The flybridge, bow, and aft decks on SLOW DANCE are well appointed with large amounts of storage, seating, and entertaining areas.

Whether you are looking for a Bahamas cruising vessel, doing the great loop, or simply a floating condo to live aboard SLOW DANCE is turn-key and ready to go!

Information & Features

YANMAR 4LHA-STP (Engine 1)

Engine Type:	Inboard	Power:	240 hp
